## LEGEND OF NOTATIONS

### PLEASE KEEP LEGEND COPY IN FRONT WHILE PLAYING SONG NOTATIONS

The capital letters stand for tiver or sharp notes. The small letters stand for komal or flat notes. Our first note is first black key which is Sa in Indian and C# in western.

### TWELVE NOTES OF A SAPTAK

No	Notes Detail	Notes	Notes Properties	Key Color
1	Sa, which will be denoted by S	S	Khraj/Shadj, Sa	Blue
2	Komal Re, which will be denoted by r	r	Komal Re	Green
3	Tiver Re, which will be denoted by R	R	Shuddh Re	Red
4	Komal Ga, which will be denoted by g	g	Komal Ga	Green
5	Tiver Ga, which will be denoted by G	G	Shuddh Ga	Red
6	Komal Ma, which will be denoted by m	m	<b>Shuddh Ma</b>	Green
7	Tiver Ma, which will be denoted by M	M	Tiver Ma	Red
8	Pa, will be denoted by P; (immovable note)	P	Fixed (constant), Pa	Blue
9	Komal Dha, which will be denoted by d	d	Komal Dha	Green
10	Tiver Dha, which will be denoted by D	D	Shuddh Dha	Red
11	Komal Ni, which will be denoted by n	n	Komal Ni	Green
12	Tiver Ni, which will be denoted by N	N	Shuddh Ni	Red
Shuddh Notes are called natural notes				

We can fix any note as our starting note or “Sa” and corresponding attached notes on our scale will be according to the given arrangement. If we fix our starting note first black then the arrangement of 12 notes will be as following:

### S, r, R, g, G, m, M, P, d, D, n, N

First note S and just attached to S is komal r then tiver R, komal g, tiver G, komal m, tiver M, then P, then komal d, tiver D, komal n, tiver N and S' of next saptak which is taar.

Sa and Pa are immovable. Thus the full twelve-tone scale arrangement of notes is labeled as: S, r, R, g, G, m, M, P, d, D, n, N, S'

### Full twelve-tone scale in madh saptak

So, how do you distinguish between octaves? Mandr saptak is situated in extreme left of harmonium or keyboard and notes of mandr saptak have a sign of apostrophe on left side e.g. 'S. Middle saptak is without any sign and taar saptak is in extreme right. Notes written in taar saptak are shown by a sign of apostrophe on right e.g. S'.

Please keep the following diagram in front while playing songs with notations. Here red notes are tivr/capital and green are komal/small and blue are fixed notes without saathi swar.

**Full twelve tone scale in all three saptak**

We will use as the fundamental note the C<sup>#</sup> which lies in middle octave. This will correspond to Sa (first black key). So the other notes will correspond as follows in middle saptak:

S, r, R, g, G, m, M, P, d, D, n, N, S'

Notes shown in all three saptak of Harmonium/Keyboard													
Mandar Octave Notes	'S	'r	'R	'g	'G	'm	'M	'P	'd	'D	'n	'N	S
Madh Octave Notes	S	r	R	g	G	m	M	P	d	D	n	N	S'
Taar Octave Notes	S'	r'	R'	g'	G'	m'	M'	P'	d'	D'	n'	N'	S'

The underlined notes must be played at a higher speed than the other notes. That note is present to give better effect to the song.
